# A family business since 1979

*Please note that all products are shown with external furnishings for the purpose of illustration only. Furthermore, all pictures have been generated by the use of flash photography and the shading of all products is purely indicative. Every effort will be made to replicate the shadings as accurately as possible, but this catalogue is no substitute for viewing an item in its entirety. A fully fitted service is available to your own specification. All coffins are available in gloss or matt finish.*

# Welcome to the Halliday Family.

## Halliday Funeral Supplies Ltd and P&L Manufacturing

Halliday Funeral Supplies Ltd is a family-run business based in Birkenhead since 1979.

We've built a strong reputation in the UK funeral industry for our commitment to the environment. As one of the few coffin manufacturers fully certified by the Forest Stewardship Council (FSC®), we ensure that our coffins are made from responsibly sourced timber, actively supporting sustainable forestry practices. Each year, we process more than 5,000 tonnes of FSC-certified wood, contributing to over 130,000 funerals across the UK and internationally.

Our 199kW HDG biomass boiler and cutting-edge waste processing unit allow us to convert our 378 tonnes of annual wood waste and sawdust into renewable energy, which we use to provide hot water and heating for our facilities. Furthermore, our 1062 solar panel array allows us to manufacture our products for large parts of the year without any fossil fuel input.

Our commitment goes beyond sustainability. We're a long-standing member of SEDEX, a global ethical trade service provider, demonstrating our dedication to responsible business practices. We're also proud to be a Living Wage Employer, highlighting our support for fair labour standards.

From traditional veneered coffins to options including willow, wool and cardboard, we offer a diverse range that reflects our ongoing mission to provide environmentally responsible choices for funeral products.

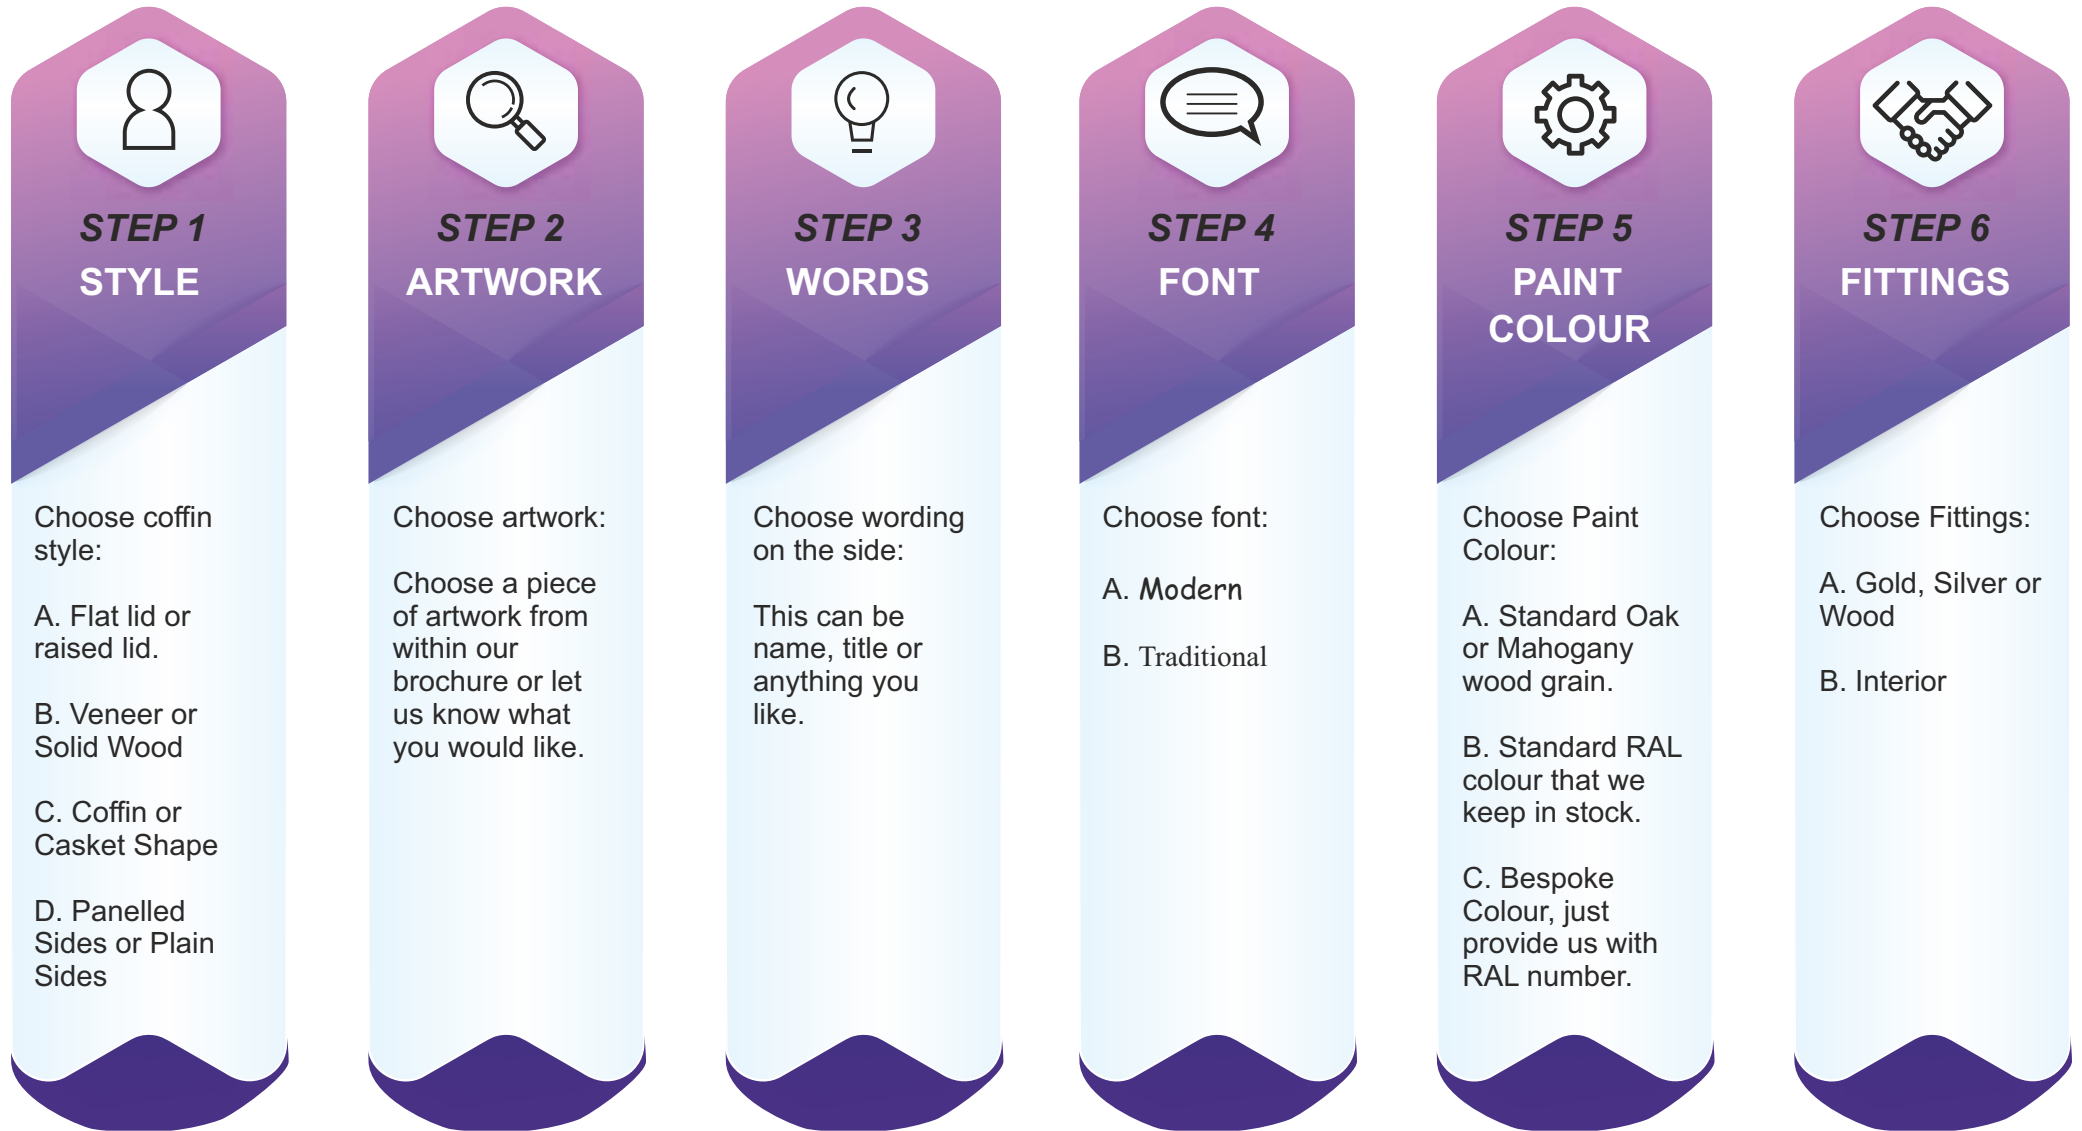

### Our commitment to you:

- Family-run business traditions – service & care
- Delivery – a reliable, efficient distributor
- Timescales – equipped to meet tight deadlines
- Emergency service – for urgent situations
- Environmentally friendly – FSC® Certified
